DIRECTOR OF SABAH ART GALLERY

The Sabah Art Gallery is proud to host local pioneer artists Richard Lim's and Benedict Chong's Solo Exhibition this year—in conjunction with Sabah Art Gallery's 40th Jubilee—whereby a combined total of 150 paintings are exhibited (with 124 and 26 artworks produced by both Richard Lim and Benedict Chong respectively).

In past decades, both artists have been long-time mentees and comrades of the late Datuk Yaman, who had been passionate in trying to revolutionize the art scene in Sabah. Richard Lim, whose main expertise is in mural art, has largely contributed murals all around Sabah since the 1970s. One such notable contribution is of his biggest mural that is in the Sabah State Legislative Assembly.

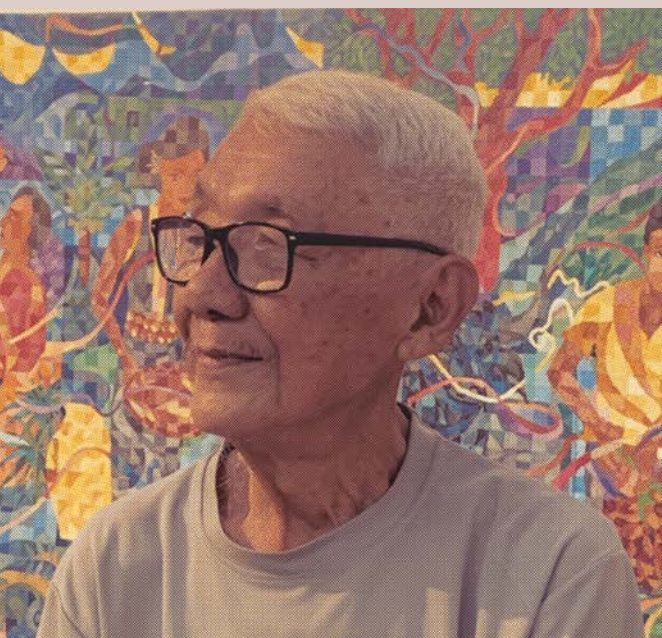

FOREWORD

His unique 'Mosaic' technique for a majority of his masterpieces are a testament to his love for precision in painting his subjects, be it still-life or otherwise. Benedict Chong is just as versatile as he has been primarily self-taught in painting since high school and was tutored by Datuk Yaman in the 60s. Most of his masterpieces depict mountainscapes and the beauty of the great outdoors as well as the daily activities of locals, captured with various mediums. He once produced the longest neck-tie in Malaysia with the Batik technique, measuring 144 feet in 1987.

All of their work, big and small, was inspired by the rich cultures and landscape of Sabah, from Richard's colorful murals that show Sabah's various ethnicities to Benedict's picturesque paintings of Mount Kinabalu. Richard Lim and Benedict Chong are both very passionate in showcasing what Sabah is all about through their creative expressions and so much can be learned from their successes. I hope their solo exhibitions will inspire many others—especially youths of our time—to do the same.

RICHARD LIM

PROFILE

Richard Lim or his real name, Lim Meng Yong was born in 1943 in Melaka. He is one of the pioneer artists in Sabah who is active with Datuk Yaman in trying to change the art scene in Sabah. He specializes in mural art and until now has produced many large-sized murals around Sabah since the 1970s. One of his biggest mural is in the Sabah State Legislative Assembly.

BONDING WITH GAYA STREET FAIR

RICHARD LIM
150 FT
DAKWAT CINA ATAS KERTAS

Richard Lim was inspired to show his audience this experience he enjoyed every Sunday back in his days, where he would usually spend his leisurely time strolling around the Gaya Street Fair. Through the painting, Richard had wanted to portray the variety of cultural activities that are present during the Gaya Street Fair, especially when they are held during seasonal festivals as well as the different ethnicities in Sabah that participated in them.

This piece has approximately 900+ people and 170+ stalls. What's even more unique about this piece is that the artist had chosen to combine all the festivities carried out throughout the year in the Gaya Street Fair in one whole setting.

Richard Lim wishes to showcase, through this piece, the many different ethnicities living harmoniously together in Sabah as well as the camaraderie they have built whilst engaging in their daily livelihoods alongside each other.

The artist also emphasized that this artwork was a collaboration between his students and himself whereby he had sketched out the entire concept on canvas before laying out all the colours for his students to use. He would meticulously teach and paint alongside them until the piece was completed, in a span of 3 months. Richard Lim was keen on showing his students the spirit of teamwork through this very effort.

Anita Majanil is a long-time student and apprentice of Richard Lim. These are two of the artworks which she has produced under Richard Lim's tutelage.

He wishes to showcase these "Batik" Chinese Lions his student has made under his coaching alongside his own (which he made using his mosaic technique) to show that even when one paints the same subject as the other, it is in the difference of their technique that makes each artwork unique and special.

BENEDICT CHONG PROFILE

Benedict Chong is a versatile artist who has been interested in painting since school and was tutored by Datuk Yaman in the 60s. Most of his works emphasize the scenery of Mount Kinabalu, the flora and fauna and the activities of the local people using various mediums. He once produced the longest neck tie in Malaysia with the Batik technique, measuring 144 feet in 1987.

Benedict Chong started doing large scale paintings of Mount Kinabalu views when he was at the young age of 19, while still working in the telecommunications industry. His work then often required him to trek forests and high grounds back in the day including hiking up Mount Kinabalu.

Benedict Chong loved sketching and painting the lush green sceneries he has encountered throughout his years mostly being in the great outdoors hence, what had initially started as a hobby became his full-time career.
